# WE ARE PART OF ISLINGTON FOOD PARTNERSHIP

In order to help to reduce food poverty in Islington, as part of local government and the public sector, we will:

- Join** Islington's Food Partnership to support the aims of the Food Poverty Action Plan, and contribute to aims we can have an impact on
- Continue** to commit to paying London Living Wage to all staff and contractors and promote the living wage campaign
- Work** with other organisations across the Borough to provide coordinated support to beneficiaries, and reduce duplication of provision
- Promote** subsidised food options in the workplace, for example providing subsidised canteens, encouraging food share clubs or offering staff discounting schemes
- Work** with frontline staff to improve:
  - Recognition of service users experiencing food poverty or related issues
  - Awareness of what services and support are available for those experiencing or in danger of food poverty
  - Awareness and accessibility of crisis support
- Design** food based services and support as a solution to multiple issues alongside food poverty, including:
  - Improving health and nutrition
  - Addressing social isolation
  - Being an identifier of broader poverty issues, and an entry point into providing further support
  - Sustainability and environmental issues
- Encourage** learning and discussion around food and food poverty, for example by providing opportunities for staff, partners and community members to:
  - Learn and share health and nutrition skills, for example around cooking, growing and shopping
  - Use food as an opportunity to decrease social isolation, for example by holding food share activities
  - Learn on sustainability and reducing food waste
  - Support distribution of excess food to organisations working with residents
- Raise** awareness of what services and support are available for those experiencing or in danger of food poverty, in particular within hard-to-reach and at higher risk communities
